CAUTION

LASER RADIATION. DO NOT STARE INTO THE BEAM OR VIEW DIRECTLY WITH OPTICAL INSTRUMENTS. CLASS I LASER PRODUCT.

NEVER POINT A LASER BEAM INTO A PERSON'S EYES OR VIEW A LASER BEAM DIRECTLY, AS PROLONGED EXPOSURE CAN BE HAZARDOUS TO THE EYES.

MOMENTARY EXPOSURE FROM A LASER POINTER, SUCH AS AN INADVERTENT SWEEP OF THE LIGHT ACROSS A PERSON'S EYES, MAY CAUSE TEMPORARY FLASH BLINDNESS SIMILAR TO THE EFFECT OF A CAMERA FLASH BULB. ALTHOUGH THIS CONDITION IS TEMPORARY, IT CAN BECOME MORE DANGEROUS IF THE EXPOSED PERSON IS ENGAGED IN A VISION-CRITICAL ACTIVITY SUCH AS DRIVING.

TARGUS WIRELESS 2.4GHZ PRESENTER WITH CURSOR CONTROL

Introduction

Congratulations on your purchase of the new Targus wireless presenter. Now you can interact with your audiences and still maintain control of your PC or laptop. Conveniently placed page-up and page-down buttons help you go through slides efficiently, and a built-in laser pointer gives you the option of highlighting key concepts on screen. You can also use the directional stick to move the mouse cursor.

List of Contents

- Targus Wireless 2.4GHz Presenter with Cursor Control
- Receiver dongle
- User guide
- Pouch
- 2x AAA Battery

System requirements

- Windows® 98SE/ME/2000/XP
- Windows Vista™
- One USB v. 1.1 or 2.0 Compliant Port

- B. Function Key: Click once -- F5 (play PowerPoint File)
Click twice -- ESC (escape button)
- C. Right Button: the same as the right button of the mouse
- D. Left Button: the same as left button of the mouse
- E. Page-up
- F. Page-down
- G. Power Switch
- H. Laser Pointer Trigger (back of presenter)
- I. LED indicator: Green -- mouse activity indicator
Red -- laser pointer activity indicator
- J. Laser pointer

Installing the presenter

1. Please plug the receiver into the PC's USB port. The system will automatically detect the wireless presenter. Follow the steps to search the driver of the USB device and complete the setup.

2. Please install two AAA batteries into presenter with the correct polarity. Please refer to the polarity sign inside the battery compartment.

3. Establishing connection between the presenter and the receiver.

The product has been pre-set and paired between the presenter and the receiver. It is not necessary to synchronize the device. However, this paired ID may become lost due to RF interference and cause the presenter to not connect properly.

There are two methods for setting the presenter's ID.

Method One:

Step 1: Press the "Right mouse Button" on the presenter for 5 seconds.

Step 2: The LED indicator will flash quickly. This means the ID setting is refreshed and completed.

Method two:

Step 1: Press the connect button on the receiver. The LED of the presenter will start to flash.

Step 2: Press the presenter's right button for 5 seconds. Please note that this step must be completed within 8 seconds after step 1.

Step 3: The LED of the presenter will flash quickly. This means that the ID setting is refreshed and completed.

Note: If the presenter does not work properly, please go back to step 1 to repeat the ID setting process.

Product Registration

Targus recommends that you register your Targus accessory shortly after purchasing it. Go to:

<http://www.targus.com/registration.asp>. You will need to provide your full name, email address, phone number, and company information (if applicable).

Warranty

Targus warrants this product to be free from defects in materials and workmanship for one year. If your Targus accessory is found to be defective within that time, we will promptly repair or replace it. This warranty does not cover accidental damage, wear and tear, or consequential or incidental loss. Under no conditions is Targus liable for loss of, or damage to a devices nor loss of, or damage to, programs, records, or data; nor any consequential or incidental damages, even if Targus has been informed of their possibility. This warranty does not affect your statutory rights.

Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Statement Tested to Comply

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;
- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate this product.

Declaration of Conformity

Hereby, Targus, declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.
